

HealthHub Mobile™

Keeps you connected
anytime, anywhere.

Now you have real-time access to your FSA, HSA or HRA account wherever you go.

The **Mobile Application** is accessible on smartphones such as iPhone®, BlackBerry® and Android™.

Mobile App For Smartphones

1. Login online and click on the **Consumer Center** to find HealthHub Mobile™. Here you can view a full listing of smartphones that support the Mobile Application.
2. Register for the Mobile Application.
3. Download the **HealthHub Mobile™ Application Powered by PayFlex®** to your phone from the app store of your mobile service provider.
4. Login to your account on your mobile phone using your HealthHub™ username and password.

Real-time access to account information

As the account holder, you will have 24/7 access to your account information.

1. Account balances
2. Claims processed
3. Transaction details
4. HSA deductible and contribution trackers

Benefit plan information when you need it

The Mobile Application gives you access to relevant health plan information as well as a listing of eligible expenses so you can make informed healthcare decisions at the time of service.

Messaging and alerts

Rely on the Mobile Application to help keep your account active! You'll receive important account updates to let you know the status of your account and when action may be required.

Submit a claim right from your phone

Take "paperless" to the next level with our Mobile Application which allows you to submit a claim on the go. Using your phone's camera, simply take a picture of your receipt and upload.

Security is our priority

PayFlex® is able to provide you a secure mobile platform in which you may access your personal account information. Login information for the Mobile Application has the same secure credentials as our website. For Text Requests, we will only respond to a mobile number that you have authorized on our website.

Who to contact for assistance
