

Announcing New Fitness Club Discounts Exclusively for First Data Employees

You've completed the requirements of the Wellness Challenge and are scheduled for your Health Screening, and hopefully anxious to kick-off 2012 with a healthier lifestyle. To encourage you to adopt exercise goals, First Data negotiated corporate rates at LA Fitness Clubs and 24 Hour Fitness Centers.

Our Corporate Wellness program encourages healthy lifestyle choices; an exercise routine is an important component of your overall health. To make joining a fitness center more affordable, First Data has contracted with LA Fitness and 24 Hour Fitness to offer corporate rates to you and your family. Both facilities offer waived enrollment fees and discounted monthly rates just for being a First Data employee.

Check out the details on both of these offers on the Employee Discount site at: <http://firstdata.corporateperks.com/> and click on Exclusive offers. Here you will find location of clubs near you, monthly membership fees, how to enroll and the services available at the clubs.

Additional Questions? Contact the Employee Resource Line at 888-348-4835, option 1, and then option 4 from 7 am - 7 pm CST.
